What to do if you have a welfare concern in Bourne Alliance Multi Academy Trust

Child Focused Approach to Safeguarding

Introduction and ethos

Bourne Alliance MAT (BA-MAT) and its member schools recognise our statutory responsibility to safeguard and promote the welfare of all children. Safeguarding is **everyone's** responsibility and everyone has a role to play. We are a community and all those directly connected (staff, volunteers, directors, governors, parents, wider family families and pupils) have an important role in safeguarding children and all have an essential role to play in making our community safe and secure.

We believe that the best interests of children always come first. All children (defined in law as those up to the age of 18) have a right to be heard and to have their wishes and feelings taken into account and all children regardless of age, sex (gender), ability, culture, race, language, religion or sexual identity or orientation, have equal rights to protection.

Staff working with children at any of the BA-MAT Schools will maintain an attitude of **'it could happen here'** where safeguarding is concerned. When concerned about the welfare of a child, staff will always act in the best interests of the child and if any member of our community has a safeguarding concern about any child or adult, they should act and act immediately.

This policy applies where there are any child protection concerns regarding children who attend a school in BA-MAT but may also apply to other children connected to the Trust for example, siblings, or younger members of staff (under 18s) or children on student/work placements.

Each school recognises the importance of providing an ethos and environment within its schools that will help children to be safe and feel safe. In our schools, children are respected and encouraged to talk openly and enable them to feel confident that they will be listened to. At Aspire School, staff recognise many of the children in our care at the Aspire School have communication and interaction difficulties and so, whilst there may not be words to describe their worries, there may be an alternative method of communication, signs or changes in behaviour.

We recognise the importance of adopting a trauma informed approach to safeguarding; we understand there is a need to consider the root cause of children's behaviour and consider any underlying trauma.

We are alert to the signs of abuse and neglect and follow our procedures to ensure that children receive effective support and protection. We will ensure children's wishes and feelings are taken into account when determining what safeguarding action to take and what services to provide.

Our core safeguarding principles are:

- The best interests of children always come first.
- It is a whole academy responsibility to safeguard and promote the welfare of children as its paramount concern
- All children (defined as those up to the age of 18) regardless of age, sex (gender), ability, culture, race, language, religion or sexual identity, orientation have equal rights to protection
- All children have a right to be heard and to have their wishes and feelings taken into account when determining what safeguarding action to take and what services to provide
- All staff understand safe professional practice and adhere to our safeguarding, code of conduct and other associated policies
- All staff have a responsibility to recognise vulnerability in children and act on any concern in accordance with this guidance

There are four main elements to our safeguarding policy

- **Prevention:** positive, supportive, safe culture, curriculum and pastoral opportunities for children, safer recruitment procedures.
- **Protection:** following the agreed procedures, ensuring all staff are trained and supported to recognise and respond appropriately and sensitively to safeguarding concerns.
- **Support:** adopt a child centred approach and provide support for all pupils, parents/carers and staff, and where appropriate, implement specific interventions for those who may be at risk of harm.
- **Collaborating:** with both parents where possible, and other agencies: to ensure timely, appropriate communications and actions are undertaken when safeguarding concerns arise.

The procedures contained in this policy apply to all staff, including governors, temporary or third-party agency staff and volunteers, and are consistent with those outlined within 'Keeping Children Safe in Education' 2024.

Policy Context

This policy is implemented in accordance with our compliance with the **current** statutory guidance from the Department for Education, 'Keeping Children Safe in Education' 2024 (KCSIE) which requires individual schools and colleges to have an effective child protection policy.

This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004 and related national and local guidance. This includes but is not limited to:

- Keeping Children Safe in Education (KCSIE)
- Working Together to Safeguard Children (WTSC)
- Ofsted: Education Inspection Framework
- Framework for the Assessment of Children in Need and their Families 2000
- [Kent and Medway Safeguarding Children Procedures](#) (KSCMP)
- Early Years and Foundation Stage Framework (EYFS)
- The Education Act 2002
- The Human Rights Act 1998
- The Equality Act 2010 (including the Public Sector Equality Duty)
- **Education and Inspections Act 2006**
- **The Non-Maintained Special Schools (England) Regulations 2015**

Section 175 of the Education Act 2002 requires school governing bodies, local education authorities and further education institutions to make arrangements to safeguard and promote the welfare of all children who are pupils at a school, or who are students under 18 years of age. Such arrangements will have to have regard to any guidance issued by the Secretary of State.

Our schools will follow local or national guidance in response to any emergencies. We will amend this policy and our procedures as necessary but regardless of the action required, our safeguarding principles will always remain the same and the welfare of the child is paramount.

Definition of safeguarding

"Safeguarding is not just about protecting children from deliberate harm. It includes a wide range of issues relating to pupil's welfare, health and safety." (Inspecting safeguarding in early years, education and skills, Ofsted, 2019)

In line with 'Working Together to Safeguard Children' 2024 and KCSIE, safeguarding and promoting the welfare of children is defined for the purposes of this policy as:

- providing help and support to meet the needs of children as soon as problems emerge
- protecting children from maltreatment, whether that is within or outside the home, including online
- preventing impairment of children's mental and physical health or development
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- promoting the upbringing of children with their birth parents, or otherwise their family network, whenever possible and where this is in the best interests of the child(ren)
- taking action to enable all children to have the best outcomes.

Child protection is part of safeguarding and promoting the welfare of all children and is defined as activity that is undertaken to protect specific children who are suspected to be suffering, or likely to suffer, significant harm. This includes harm that occurs inside or outside the home, including online. Each school acknowledges that safeguarding includes a wide range of specific issues including (but not limited to):

- Abuse and neglect
- Bullying, including cyberbullying
- Child on Child abuse
- Children with family members in custody/prison
- Children who are absent or missing from education (CME)
- Child missing from home or care
- Child Sexual Exploitation (CSE)
- Child Criminal Exploitation (CCE)
- Contextual safeguarding (risks outside the family home)
- County lines and gangs
- Domestic abuse
- Drugs and alcohol misuse
- Fabricated or induced illness
- Faith abuse
- Gender based abuse and violence against women and girls
- Hate
- Homelessness
- Human trafficking and modern slavery
- Mental health
- Nude or semi-nude image sharing, also known as youth produced/involved sexual imagery or "Sexting"
- Online safety
- Preventing radicalisation and extremism
- Private fostering
- Relationship abuse
- Serious violence
- Sexual violence and sexual harassment
- So-called 'honour-based' abuse, including Female Genital Mutilation (FGM) and forced marriage
- Upskirting

(Also see Part One and Annex B within 'Keeping Children Safe in Education' 2024)

Related Safeguarding Policies

We are aware that child protection and safeguarding are fundamental to the welfare of all children in our care. This policy is therefore one of a series in the trust's integrated safeguarding portfolio and should be read in conjunction with the other safeguarding policies in the Trust. These are held on SharePoint and include

Policy Compliance, Monitoring and Review

The Trust group of DSLs will review this policy at least annually (as a minimum) and will update it as needed, so that it is kept up to date with safeguarding issues as they emerge and evolve, including lessons learnt. The policy will also be revised following any national or local updates, significant local or national safeguarding events and/or learning, and/or any changes to our own procedures.

All staff (including temporary staff and volunteers) will be provided with a copy of this policy and Part One and/or Annex A of KCSIE 2024 as appropriate. This can be found on SharePoint.

Parents/carers can obtain a copy of this Child Protection Policy and other related policies on request. Additionally, policies can be viewed on the individual school and Trust website. [Bourne Alliance Multi Academy Trust - Trust Policies](#)

The main safeguarding and child protection policy will be reviewed at least annually as a minimum. The majority of safeguarding related policies will be reviewed on an annual basis by the Governors, Trustees and leadership team, whom have responsibility for oversight of school safeguarding and child protection systems.

The Designated Safeguarding Lead / Head of School/ Head Teacher will ensure reporting on safeguarding activity and systems in school at the 4 times a year meetings to the Local Governing Body. The Governing Body will not receive details of individual pupil situations or identifying features of families as part of their oversight responsibility. **The Trust Board receive minutes of the LGB meetings and the Chair of Trustees attends the LGB meetings to enable reciprocal reporting for safeguarding.**

Forest School

All staff working in BA-MAT Forest School sites will continue to follow the procedures set out in this policy.

Key responsibilities

Everyone who comes into contact with children and their families has a role to play in safeguarding children. Schools and colleges form part of the wider safeguarding system for children.

Governors, Trustees and Leadership

The Governors and Trustees and leadership team have a strategic responsibility for our safeguarding arrangements and will comply with their duties under legislation. They have regard to the KCSIE guidance and will ensure our policies, procedures and training is effective and complies with the law at all times.

The Governors and Trustees and leadership team will facilitate a whole school approach to safeguarding which involves everyone. They will ensure that safeguarding and child protection are at the forefront and underpin all relevant aspects of process and policy development, so that all systems, processes, and policies operate with the best interests of the child at their heart.

The Governors and Trustees and leadership team are aware of their obligations under the Human Rights Act 1998, the Equality Act 2010, (including the Public Sector Equality Duty), and the local multi-agency safeguarding arrangements set out by the Kent Safeguarding Children Multi-Agency Partnership ([KSCMP](#)).

- This includes but is not limited to safeguarding all members of the school community (for example, staff, pupils, parents/carers and other family members) identified with protected characteristics within the Equality Act; age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, sexual orientation.

The Trustees, Governors and leadership team will ensure that there are policies and procedures in place to ensure appropriate action is taken in a timely manner to safeguard and promote children's welfare

The Governors, Trustees and leadership team attend annual safeguarding training and have regard to the KCSIE 2024 guidance and will ensure our policies, procedures and training is effective and complies with the law at all times. The Governors and Trustees also ensure that the staff receive training in line with KCSIE 2024. This training is reported on the Head of School report.

The Governors and Trustees will ensure an appropriate senior member of staff, from the schools leadership team, is appointed to the role of designated safeguarding lead. The Governors and Trustees and leadership team will ensure that the DSL is supported in their role and is provided with sufficient time so they can provide appropriate support to staff and children regarding any safeguarding and welfare concerns.

The Trust has nominated Trustee who act as the lead for monitoring safeguarding named on the front page of this document. The nominated governor will support the DSL and have oversight in ensuring that the Schools have an effective policy which interlinks with other related policies, that locally agreed procedures are in place and being followed, and that the policies, structures supporting safeguarding children are reviewed at least annually and when required.

The Governors, Trustees and Leadership team will ensure that the DSL team are supported in their role and is provided with sufficient time so they can provide appropriate support to staff and children regarding any safeguarding and welfare concerns.

The Head of School/Headteacher and CEO will ensure that our child protection and safeguarding policies and procedures adopted by the governing body, are understood, and followed by all staff.

The Governors and Trustees ensure that relevant staff have due regard to the Data Protection principles and comply with the **Data Protection** policy. This is reported to the Governors and Trustees as part of the Head of School report at least annually.

Governors do not list the school(s) that they govern for on social media as part of safeguarding to protect themselves and the schools. The Governing body/Trust Board receive reports from the Heads of School, which fulfil the safeguarding and related policy requirements.

Designated Safeguarding Lead (DSL)

Each school has appointed a member of the leadership team to act as the Designated Safeguarding Lead (DSL) – these contacts are listed at the start of this policy. Additionally, the DSL team work closely together to offer support.

Aspire	Bobbing	Grove Park	Iwade
Tracy Taylor	Tim Harwood	Lauren Flain	Katrine Stewart

The DSLs has overall responsibility for the day-to-day oversight of safeguarding and child protection systems (including online safety and understanding the filtering and monitoring systems and processes in place) at each school. Whilst the activities of the DSL may be delegated to the deputies, the ultimate lead responsibility for safeguarding and child protection remains with the DSL and this responsibility will not be delegated.

Each school also has appointed Deputy DSLs who will have delegated responsibilities and act in the DSLs absence. These persons are named on the front page of this policy, and on noticeboards around school site.

The DSL (and any deputies) will be more likely to have a complete safeguarding picture and will be the most appropriate person to advise staff on the response to any safeguarding concerns.

It is the role of the DSL to carry out their functions as identified in Annex C of KCSIE 2024. This includes but is not limited to:

- Acting as the central contact point for all staff to discuss any safeguarding concerns
- Maintaining a confidential recording system for safeguarding and child protection concerns
- Coordinating safeguarding action for individual children
 - When supporting children with a social worker or looked after children the DSL should have the details of the child’s social worker and the name of the virtual school head in the authority that looks after the child (with the DSL liaising closely with the designated teacher)
- Liaising with other agencies and professionals in line with KCSIE and WTSC and note this on CPOMS
- Ensuring that locally established procedures as put in place by the three safeguarding partners as part of the [Kent Safeguarding Children Multi-Agency Partnership](#) (KSCMP), including referrals, are followed, as necessary and recorded on CPOMS.
- Follow up with any referrals through the digital front door not responded to within 1 working day) and note this on CPOMS
- Representing, or ensure any Trust schools are appropriately represented at multi-agency safeguarding meetings (including child protection conferences)
- Managing and monitoring each school role in any multi-agency plan for a child.
- Being available during term time (during school hours) for staff in to discuss any safeguarding concerns.
- Ensuring adequate and appropriate DSL/DDSL cover arrangements in response to any closures and any out of hours and/or out of term activities.
- Taking lead responsibility for online safety, including understanding the filtering and monitoring systems and processes in place.
- Helping promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and leadership staff.
- Ensuring adequate and appropriate DSL cover arrangements in response to any closures and out of hours and/or out of term activities, including wrap around provision at each school.
- To ensure that records are transferred and received in line with this policy

- Ensuring all staff access appropriate safeguarding training and relevant updates in line with the recommendations within KCSIE.
- Informing the CEO of any significant safeguarding issues, especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations. This includes being aware of the requirement for children to have an Appropriate Adult (PACE Code C 2019).
- Will take consideration regarding the wishes of the child, but will operate with the best interests of the child at heart

Each DSL will undergo appropriate and specific training to provide them with the knowledge and skills required to carry out their role. The Deputy DSLs will be trained to the same standard as the DSL. The DSLs will be updated formally every two years, but their knowledge and skills will be updated through a variety of methods (*e.g. e-Bulletins, conferences, local meetings, other training etc.*) at regular intervals and at least annually.

Members of staff

Our staff play a particularly important role in safeguarding as they are in a position to observe any changes in a child's behaviour or appearance, identify concerns early, provide help for children, promote children's welfare and prevent concerns from escalating.

All members of staff have a responsibility to:

- Provide a safe environment in which children can learn.
- Report any concern they have to a DSL as soon as possible – **it is everyone's responsibility**
- Understand that GDPR does **not** prevent the reporting of safeguarding concerns
- Be aware of the indicators of **abuse, neglect and exploitation** so that they can identify cases of children who may need help or protection.
- **Be prepared to identify children who may benefit from early help and understand the early help process and their role in it.**
- Understand and use our schools' safeguarding policies and systems
- Undertake regular and appropriate training which is regularly updated
- Be aware of the process of making referrals to children's social care and statutory assessment under the Children Act 1989 – **see Appendix 5 on page 37**
- **Know what to do if a child tells them that they are being abused, neglected, or exploited and understand the impact this can have upon a child.**
- Be able to identify and act upon indicators that children are, or at risk of developing mental health issues.
- Know how to maintain an appropriate level of confidentiality
- Be aware of the indicators of abuse and neglect so that they are able to identify cases of children who may be in need of help or protection – **see Appendix 1 page 29**
- Ensure all children are able to develop appropriate strategies to recognise and respond to risk
- Take appropriate action to prevent safeguarding concerns escalating and work with other services as needed
- Reassure children who report concerns that they are being taken seriously and that they will be supported and kept safe.
- Act in line with Teachers' Standards 2012 which state that teachers (including headteachers) should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties.
- Be aware of and take appropriate action to raise concerns regarding poor or unsafe practice or potential failures in the school safeguarding regime (this may include accessing the school whistleblowing policy)

- Maintain an attitude of **'it could happen here'** where safeguarding is concerned and to always act in the best interests of the child
- Respond to and refer any concerns about children or other members of the community in accordance with this policy
- Consider wider environmental factors in a child's life that may be a threat to their safety and/or welfare
- Be alert to any child who may benefit from early help and discuss these with the SENCo, Assistant Headteacher and/or Head of School/Head Teacher (all of whom are DSL)
- Actively take opportunities to teach safeguarding such as online safety, road safety, PSHE, SRE etc

Staff at each school recognise that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as being abusive or harmful. This should not prevent staff from having professional curiosity and speaking to a DSL if they have any concerns about a child.

Staff at each school will determine how best to build trusted relationships with children, young people and parents/carers which facilitate appropriate professional communication in line with existing and relevant policies.

Children and young people

Children and young people (pupils) have a right and responsibility to:

- Feel safe, be listened to, and have their wishes and feelings taken into account.
- Confidently report abuse, neglect, or exploitation, knowing their concerns will be treated seriously, and knowing they can safely express their views and give feedback.
- Contribute to the development of safeguarding policies.
- Receive help from a trusted adult.
- Learn how to keep themselves and others safe, including online.
- Develop and take responsibility (at a level that is appropriate to their individual age, ability and vulnerabilities) for keeping themselves and others safe, including online

Parents and Carers

Parents/carers have a responsibility to:

- Read and understand the relevant school/policies and procedures, encouraging their children to adhere to them, and adhere to them themselves
- Talk to their children about safeguarding issues and support the school in their safeguarding approaches
- Identify behaviours which could indicate that their child is at risk of harm, including online and seek help and support from the school, or other agencies
- Seek help and support from the school, or other appropriate agencies, if they or their child encounters any safeguarding concern.

A statement on the school website informs parents and carers about our commitment, duties and responsibilities under child protection and safeguarding procedures. Parents can obtain a copy of this Safeguarding and Child Protection Policy and other related policies on request or via the individual school websites

Child Protection Procedures

Recognition and categories of abuse, neglect and exploitation

Staff will maintain an attitude of **'it could happen here'** where safeguarding is concerned. When concerned about the welfare of a child, staff will always act in the best interests of the child

All staff are made aware of the definitions and indicators of **abuse, neglect and exploitation** as identified by Working Together to Safeguard Children and Keeping Children Safe in Education 2024. This is outlined locally within the [Kent Support Levels Guidance](#).

All staff at all BA-MAT schools recognise that when assessing whether a child may be suffering actual or potential harm there are four categories of abuse:

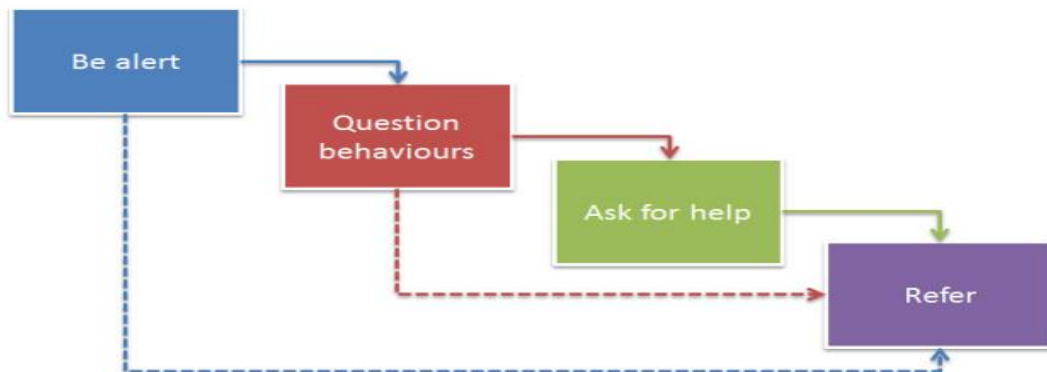

- Physical abuse
- Sexual abuse
- Emotional abuse
- Neglect

The most up to date definitions and possible indicators and signs of abuse are found in Appendix 1 on page 29.

Staff should also refer to Part 1 and Annex A within "Keeping Children Safe in Education" 2024 and "What to do if you are worried a child is being abused" 2015. A copy of each of these are in STRAT offices at each school with the safeguarding polices as well as on SHAREPOINT and CPOMS library for staff to access electronically.

By understanding the indicators or **abuse, neglect and exploitation**, we can respond to problems as early as possible and provide the right support and services for the child and their family.

All members of staff are expected to be aware of and follow this approach if they are concerned about a child:

['What to do if you are worried a child is being abused'](#)

Each school recognises that concerns may arise in many different contexts and can vary greatly in terms of their nature and seriousness. The indicators of child **abuse, neglect and exploitation** can vary from child to child. Children develop and mature at different rates, so what appears to be worrying behaviour for a younger child might be normal for an older child. It is important to recognise that indicators of **abuse, neglect and exploitation** do not automatically mean a child is being **harmed** however all concerns should be taken seriously and will be explored by the DSL on a case-by-case basis.

The schools recognise **abuse, neglect and exploitation and** other safeguarding issues are rarely standalone events and cannot always be covered by one definition or one label alone. In many cases, multiple issues will overlap with one another, therefore staff will always be vigilant and always raise concerns with a DSL.

Parental behaviours can indicate child abuse or neglect, so staff will be alert to parent-child interactions or concerning parental behaviours; this could include parents who are under the influence of drugs or alcohol or if there is a sudden change in their mental health.

Children may report abuse happening to themselves, their peers or their family members. All reports made by children to staff will be taken seriously and will be responded to in line with this policy.

Safeguarding incidents and/or behaviours can be associated with factors and risks outside the schools. Children can be at risk of abuse, neglect or exploitation in situations outside their families; extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, sexual abuse, serious youth violence and county lines.

Technology can be a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse online from people they know (including other children) and from people they do not know, in many cases, abuse with take place concurrently via online channels and in daily life.

The schools recognise that some children have additional or complex needs and may require access to intensive or specialist services to support them. This is particularly the case at Aspire since all pupils have an EHCP for specialist provision which makes them much more vulnerable to safeguarding concerns.

By understanding the indicators of abuse, neglect and exploitation, we can respond to problems as early as possible and provide the right support and services for the child and their family.

In all cases, if staff are unsure, they will always speak to the DSL (or deputy).

If deemed necessary by the CEO or Lead DSL or by staff authorised by the CEO or Lead DSL, following a concern about a child's safety or welfare, the searching and screening of children and confiscation of any items, including any electronic devices, will be managed in line with the school policy which is informed by the DfE '[Searching, screening and confiscation at school](#)' guidance. [BA Policy Searching, Screening and Confiscation](#)

- The DSL (or deputy) will be informed of any searching incidents where there were reasonable grounds to suspect a pupil was in possession of a prohibited item as listed in our behaviour policy. The DSL (or deputy) will then consider the circumstances of the pupil who has been searched to assess the incident against any potential wider safeguarding concerns.
- Staff will involve the DSL (or deputy) without delay if they believe that a search has revealed a safeguarding risk.

Responding to Child Protection Concerns

If staff are made aware of a child protection concern, they are expected to:

- Listen carefully to the child, reflecting the concern
- Be non-judgmental.
- Avoid leading questions; only prompting the child when necessary with open questions to clarify information where necessary, e.g. who, what, where, when or Tell, Explain, Describe (TED).
- Not promise confidentiality as concerns will have to be shared further, for example, with the DSL and potentially Integrated Children's Services.
- Be clear about boundaries and how the report will be progressed.

- Record the concern on CPOMs our recording system in a timely fashion
- Inform the DSL (or deputy), as soon as practically possible.

If staff have any concerns about a child's welfare, they are expected to act on them immediately. If staff are unsure if something is a safeguarding issue, they will speak to the DSL (or deputy).

The DSL or a deputy should always be available to discuss safeguarding concerns. If in exceptional circumstances, a DSL is not available, this should not delay appropriate action being taken by staff. Staff should speak to a member of the senior leadership team, take advice from a consultation with a social worker from the Front Door (for contact information, see flowchart on page 1). In these circumstances, any action taken will be shared with a DSL as soon as is possible.

All staff are made aware that early information sharing is vital for the effective identification, assessment, and allocation of appropriate service provision, whether this is when problems first emerge, or where a child is already known to other agencies. Staff will not assume a colleague, or another professional will act and share information that might be critical in keeping children safe.

All school will respond to concerns in line with the Kent Safeguarding Children Multi-Agency Partnership procedures (KSCMP).

- The full KSCMP procedures and additional guidance relating to reporting concerns and specific safeguarding issues can be found on their website: www.kscmp.org.uk

In Kent, Early Help and Preventative Services and Children's Social Work Services are part of [Integrated Children's Services \(ICS\)](#) and are accessed via the 'Front Door Service' / [Kent Children's Services Portal](#).

'Early help' is defined in 'Working together to safeguard children' as support for children of all ages that improves a family's resilience and outcomes or reduces the chance of a problem getting worse. It is not an individual service, but a system of support delivered by local authorities and their partners, including education providers, working together and taking collective responsibility to provide the right provision in their area.

- If early help support is appropriate, the DSL (or a deputy) will lead on exploring internal resources available and liaising with other universal or additional services available via local agencies.
- Where Intensive Support Early Help (provided by ICS, outlined in the [KSCMP support levels guidance](#)) is considered to be appropriate, the DSL (or deputy) will make a 'request for support' via the [Kent Children's Services Portal](#).
- Staff, including the DSL, may be required to work with other agencies and professionals in an early help assessment.
- The DSL will keep all Early Help cases under constant review and consideration will be given to escalating concerns and/or seeking advice from the Front Door Service if the situation does not appear to be improving or is getting worse.

The DSL, or a deputy DSL in the absence of the DSL will have the overall responsibility for making referrals. However, all staff are made aware of the [local](#) process for making referrals to Integrated Children's Services and for statutory assessments under the Children Act 1989, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm) that may follow a referral, along with the role they might be expected to play in such assessments ([Appendix 5 page 37](#))

Where a child is suffering, or is likely to suffer from harm, or is in immediate danger (for example, under section 17 or 47 of the Children Act), [intensive or specialist support is required and a 'request for support'](#) will be made

immediately to Kent [Integrated Children's Services](#) (via the [portal](#)) and/or the police, in line with the [Kent Support Level Guidance and KSCMP procedures](#).

Each school recognises that in situations where there are immediate child protection concerns for a child as identified in line with Support Level Guidance, it is **NOT** to investigate as a single agency, but to act in line with KSCMP guidance which may involve multi-agency decision making.

The DSL may seek advice or guidance from a social worker via the Front Door Service before deciding next steps.

If staff have any concerns about a child's welfare, they are expected to act on them immediately. If staff are unsure if something is a safeguarding issue, they will speak to the DSL (or deputy). If in exceptional circumstances, a DSL is not available, this should not delay appropriate action being taken by staff.

- Staff will speak to a member of the school's senior leadership team, request a consultation with a social worker from the Front Door Service, or make a request for support to the Front Door Service themselves; for contact information, see flowchart on page 1.
- In these circumstances, any action taken by staff will be shared with a DSL as soon as is possible.

In the event of a request for support to the [Front Door Service](#) being necessary, parents/carers will be informed and consent to this will be sought by the DSL in line with guidance provided by KSCMP and ICS. Parents/carers will always be informed in the case of a request for support being submitted by the [school](#), **unless** there is a valid reason not to do so, for example, if informing them may put a child at risk of harm or could undermine a criminal investigation.

If, after a request for support or any other planned external intervention, a child's situation does not appear to be improving, or concerns regarding receiving a decision or the decisions made, staff or the DSL will re-REFER (if appropriate) and/or DSLs will follow the [Kent Escalation and Professional Challenge Policy](#) to ensure their concerns have been addressed and, most importantly, that the child's situation improves.

DSLs and staff will be mindful of the need for the school to ensure any activity or support implemented to support children and/or families is recorded. Support provided by the school where families are struggling will be overseen and reviewed by the DSL on a regular basis to ensure activity does not obscure potential safeguarding concerns from the wider professional network.

All BA-MAT schools are [Operation Encompass Schools](#). This means we work in partnership with Kent Police to provide support to children experiencing domestic abuse.

Recording Concerns

A guide to CPOMS categories and processes can be found in [Appendix 4 page 35](#)

- All safeguarding concerns, discussions and decisions, and reasons for those decisions, will be recorded in writing on CPOMS online safeguarding system and with an Assignment and ALERT to the DSL without delay.
- Our records will include a clear and comprehensive summary of any concerns and detail of how concerns were followed up and resolved, and a note of any action taken, decisions reached and outcomes.
- Staff, who work after school hours and have no access to laptops, will email their concern to the relevant email address. The DSL will then log this email on CPOMS so they can be acted on when the DSL arrives the next day.
- All concerns are recorded and kept on CPOMS. When a paper child protection file from a previous setting arrives, these are uploaded to the online system.

- Records will be completed as soon as possible after the incident/event, **using the child's words**, “ ” and the system will name, date and time stamped the record.
- Child protection records **will record facts and not personal opinions**.
- A body map will be completed if injuries to a child have been observed
- If there is an immediate safeguarding concern the member of staff will consult with a DSL before completing the form as reporting urgent concerns takes priority, it will also be marked as **HIGH PRIORITY** on CPOMS
- If members of staff are in any doubt about recording requirements, they will discuss their concerns with the DSL All members of staff have the information in **Appendix 4 page 35** to support them
- Child protection records will include a clear and comprehensive summary of the concern, details of how the concern was followed up and resolved and details regarding any action taken, decisions reached and the outcome.
- Child protection records will be kept confidential and stored securely online. Child protection records will be kept for individual children and will be maintained separately from all other records relating to the child in the school.
- Child protection records are kept in accordance with data protection legislation and are retained centrally and securely by the DSL.
- Where staff have concerns such as a parent is repeatedly failing to take their child to medical appointments, have a repeatedly missing medication i.e. asthma pumps, or continuing to not treat ailments i.e. lice, these should be recorded on CPOMS
- *The Mainstream school's, where a child receives early intervention, such as counselling, this is recorded on the RAP for the class held on SHAREPOINT*
- All Staff WILL familiarise themselves with the responsibilities as outlined in this document.

Safeguarding records being shared with a change of Educational setting

All child protection records will be transferred via CPOMS or a document download and emailed securely in accordance with data protection legislation to the child's subsequent school. File will be shared within 5 days for an in-year transfer or within the first 5 days of the start of a new term

When a child from the Trust moves to a new school, at any time during the school year, the following steps will be taken to transfer the safeguarding records:

- Contact will be made with the new school by the school Office to check whether a CPOMS electronic transfer can be made... If they do then:
 - The CPOMS record will be transferred at the same time as the CTF file by a school DSL.
 - An email will be sent to the school at the same time so that the new school can sign and return to show that the records have been successfully received
 - If the receipt email is not received, the DSL who sent the record will continue to follow this up to ensure this is received
 - The DSL who prepared and sent the report will then log on CPOMS that the records have been successfully transferred and attach the receipt. Where a record has been archived on CPOMS, this step will still be taken.
- If the receiving school do not have CPOMS:
 - The DSL will prepare the printed report and store this securely where needed
 - The receipt email will be requested
 - The records will be sent via an encrypted email/password protected
 - The receipt will be added to the pupil record on CPOMS
- The exception for signed receipts being added to individual pupil records is where a batch of records are taken (such as in year 6 transition to secondary school). These receipts for bulk records will be saved in the safeguarding folder which is locked in a cupboard.

- In addition to the child protection file, the DSL will also consider if it would be appropriate to share any information with the DSL at the new school or college in advance of a child leaving, for example, information that would allow the new school or college to continue to provide support.
- Where the school receives child protection files, the DSL will ensure key staff, will be made aware of relevant information as required.
- Where a pupil joins the school and no child protection files are received, the DSL will proactively seek to confirm from the previous setting whether any child protections exist for the pupil, and if so, if the files have been sent

Multi-agency working

All schools in BA-MAT recognise the pivotal role we have to play in multi-agency safeguarding arrangements and is committed to its responsibility to work within the KSCMP multi-agency safeguarding arrangements.

The Schools' leadership team, Trustees, Govenors and DSL will work to establish strong and co-operative local relationships with professionals in other agencies, including the safeguarding partners in line with local and national guidance.

Each of the schools recognise the importance of multi-agency working and is committed to working alongside partner agencies to provide a coordinated response to promote children's welfare and protect them from harm. This includes contributing to [KSCMP](#) processes as required, such as, participation in relevant safeguarding multi-agency plans and meetings, including Child Protection Conferences, Core Groups, Strategy Meetings, Child in Need meetings or other early help multi-agency meetings.

The Schools will allow access for Kent Children's Social Work Service and, where appropriate, from a placing local authority, to conduct, or to consider whether to conduct, a section 17 or a section 47 assessment.

The CEO and Heads of School/HeadTeacher and DSLs are aware of the requirement for children to have an Appropriate Adult ([PACE Code C 2019](#)) where there is a need for detention, treatment and questioning by police officers and will respond to concerns in line with our 'Searching, Screening and Confiscation' policy, which is informed by the DfE [Searching, screening and confiscation at school](#) guidance.

Where a wider agency – such as Social Services or Early Help – request information about a child:

- Where a request is made by the phone, the contact details will be taken and the DSL will call the agency back. This is to confirm that this is an authorised agency request on a known phone number.
- If the Early Help or Social worker is known to the DSL (where a longer case is being actioned), this step can be missed after the identity has been initially confirmed
- Any requests for information will be logged on CPOMS, who the information was shared with, what information was shared and the decisions why that was shared. This supports GDPR and data protection
- Any information shared as a report, or by email will also be recorded by copying/uploading onto CPOMS

Confidentiality and record sharing

The Trust recognises our duty and powers to hold, use and share relevant information with appropriate agencies in matters relating to child protection at the earliest opportunity as per statutory guidance outlined within KCSIE 2024.

The Data Protection Act 2018, and the UK General Data Protection Regulation (UK GDPR) places duties on schools

and individuals to process personal information fairly and lawfully and to keep the information they hold safe and secure. The Data Protection Act 2018 and UK GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children.

The Trust has an appropriately trained Data Protection Officer (DPO) as required by the General Data Protection Regulations (GDPR) to ensure that our Trust is compliant with all matters relating to confidentiality and information sharing requirements dpo@ba-mat.org.uk

All staff will be provided with training and information to ensure they have due regard to the relevant data protection principles, which allow them to share and/or withhold personal information. Training is given annually as part of the first Staff Development Day in September and offered as a catch up session, or for new staff as part of induction.

KCSIE, the [Information Commissioner's Office \(ICO\)](#), DfE [Data Protection in schools guidance](#) and DfE ['Information sharing advice for safeguarding practitioners'](#) guidance provides further details regarding information sharing principles and expectations.

Where reasonably possible, the school will hold more than one emergency contact number for each pupil/student. There is an expectation that emergency contact information will be held for both parents, unless doing so would put a child at risk of harm.

The Head of School/HeadTeacher and DSL will disclose relevant safeguarding information about a pupil with staff on a 'need to know' basis.

All members of staff must be aware that whilst they have duties to keep information confidential, in line with our confidentiality policy for the Trust, they also have a professional responsibility to be proactive in sharing information as early as possible to help identify, assess, and respond to risks or concerns about the safety and welfare of children; this may include sharing information with the DSL and with other agencies as appropriate.

In regard to confidentiality and information sharing staff will only involve those who need to be involved, such as the DSL (or a deputy) and Kent Integrated Children's Services. All staff are aware they cannot promise a child that they will not tell anyone about a report of any form of abuse, as this may not be in the best interests of the child.

Further advice on responding to disclosures can be found in [Appendix 2 on page 31](#)

Sharing Social Services reports with parents

Where a report is prepared for a case under Child Protection, the prepared report will be either printed, then collected and signed for by the parents, or sent by email.

Complaints

All members of each school community should feel able to raise or report any concerns about children's safety or potential failures in the school safeguarding regime. The school has a complaints procedure available to parents, learners and members of staff and visitors who wish to report concerns or complaints. This can be found on our Trust website and on SharePoint in the policies section.

Whilst we encourage members of our community to report concerns and complaints directly to us, we recognise this may not always be possible. Children, young people, and adults who have experienced abuse at school can contact the NSPCC 'Report Abuse in Education' helpline on 0800 136 663 or via email: help@nspcc.org.uk

Staff can also access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally. Staff can call 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email help@nspcc.org.uk.

The Team and DSLs take all concerns reported to the school seriously and all complaints will be considered and responded to in line with the relevant and appropriate process.

Anything that constitutes an allegation against a member of staff or volunteer will be dealt with under the specific **Allegations of abuse against Staff** policy (staff policies held on SHAREPOINT) from page 22 of this policy.

Specific Safeguarding Issues

Each school is aware of the range of specific safeguarding issues and situations that can put children at greater risk of harm. In addition to Part One, DSLs, school leaders and staff who work directly with children will read Annex B of KCSIE 2024 which contains important additional information about specific forms of abuse and safeguarding issues.

Where staff are unsure how to respond to specific safeguarding issues, they should follow the processes as identified in this policy and speak with the DSL or a deputy.

BA MAT policy library for specific safeguarding issues

Bourne Alliance MAT has a library of additional policy documents which relate to specific safeguarding issues. These are available on [Safeguarding and Child Protection Policy Library](#)

The safeguarding library of policies cover the following

- Artificial intelligence and the risks
- Breast ironing
- CCE and county lines
- Child on child
- Children at greater risk of harm
- CSE
- Cyber crime
- Domestic abuse
- FGM
- Forced marriage
- Homelessness
- Honor based abuse
- Prevent duty and preventing radicalisation
- Serious violence
- Sexual violence and sexual harassment
- Sharing nudes and semi-nudes

Modern Slavery

Modern slavery encompasses human trafficking and slavery, servitude and forced or compulsory labour. Exploitation can take many forms, including sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs. Further information on the signs that someone may be a victim of modern slavery, the support available to victims and how to refer them to the NRM is available in the Statutory Guidance: [Modern slavery: how to identify and support victims](#).

If there are concerns that any member of the community is a victim or involved with modern slavery, concerns should be shared with a DSL or deputy and will be responded to in line with this policy.

Family members in Prison

Children who have a family member in prison are at risk from poor outcomes including poverty, stigma, isolation and poor mental health. Where we are made aware, the FLO provides support to the family, as well as the DSL team being made aware. This is logged on CPOMS as a safeguarding concern so it can only be seen by the DSL team as we recognise there is stigma for the family associated with this.

Links to provide support:

- <https://www.nicco.org.uk/>
- <https://www.barnardos.org.uk/what-we-do/helping-families/children-with-a-parent-in-prison>
- <https://www.prisonadvice.org.uk/pages/faqs/category/tell-my-child>
- <https://www.familiesoutside.org.uk/content/uploads/2017/12/Families-Outside-Schools-Booklet-for-Teachers.pdf> - booklet for teachers on supporting prisoners' families

Mental Health

All staff recognise that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Staff are aware that children's experiences, for example where children have suffered abuse and neglect, or other potentially traumatic Adverse Childhood Experiences (ACEs), can impact on their mental health, behaviour, and education.

Staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken by speaking to the DSL or a deputy.

The mainstream schools also offer time with Edify, a trained counsellor who is onsite each week. Aspire school has access to a wellbeing team, mental health first aiders and a family therapist.

Online safety

BA MAT has a library of online safety documents which are available on [Online safety policy library](#)

Online safety policy library covers the following:

- **Harmful behaviour** – covering cyberbullying and trolling, sexual content including pornography, sexting, sharing nudes and semi-nudes, online sexual abuse, exploitation and grooming
- **Harmful content** – covering sexual content, violent, distressing or aggressive content, online hate content, harmful challenges and hoaxes, value based content, biased content, edited content, AI/disinformation and misinformation, dark web risks
- Online safety behaviour plan template

Additionally the Trust has an **Online safety** policy and a **cyber crime** policy (as part of the safeguarding library)

Each school ensures that online safety is reflected as required in all relevant policies. Online safety is considered as a running and interrelated theme when devising and implementing our policies and procedures and when planning our curriculum, staff training, the role and responsibilities of the DSL and parental engagement. The Trust uses National College training for all roles.

We recognise that technology, and the risks and harms related to it, evolve and change rapidly. The school will carry out an annual review of our approaches to online safety, supported by an annual risk assessment which considers and reflects the risks our children face online. (KCSIE P2) – see the **Online safety** policy for full details.

The Head of School/Headteacher will be informed of any online safety concerns by the DSL, as appropriate. The named governor for safeguarding will report on online safety practice and incidents, including outcomes, on a regular basis to the wider governing body. More information for staff can be found on www.kelsi.org.uk/support-for-children-and-young-people/child-protection-and-safeguarding/e-safety.

Online Policies and Procedures

Members of staff with appropriate skills, interest and expertise regarding online safety are encouraged to help support the DSLs and DDSLs as appropriate, for example when developing curriculum approaches or making technical decisions. However, the DSL is acknowledged as having overall responsibility for online safeguarding within the school.

The DSL will respond to online safety concerns reported in line with our child protection and other associated policies, including positive behaviour policies. Concerns will be logged on CPOMS and DSL will be altered.

- Internal sanctions and/or support will be implemented as appropriate. (e.g. Online behaviour plan implemented with pupil, parent and staff)
- Where necessary, concerns will be escalated and reported to relevant partner agencies in line with local policies and procedures.

Our schools use a wide range of technology. This includes laptops, tablets and other digital devices, the internet and email systems. All school owned devices and systems will be used in accordance with our acceptable use policies and with appropriate safety and security measures in place. The staff handbook also references these policies and staff compliance to these.

All schools recognise the specific risks that can be posed by mobile and smart technology, including mobile/smart phones, cameras and wearable technology and any other electronic devices with imaging and/or sharing capabilities. In accordance with KCSIE 2024 and EYFS 2021 we have appropriate policies in place that are shared

and understood by all members of the school community; **Online safety policy** and **safely using electronic devices technology and social media guide – staff/pupils**. Further information reading the specific approaches relating to this can be found on the schools website. Any concerns raised with online safety are reported in summary to the Governing Body in the Head of School report, along with actions taken.

For Aspire – see also **Appendix 7 for addressing access to age inappropriate materials**

Artificial Intelligence

Bourne Alliance MAT recognises that generative artificial intelligence (AI) tools may have many uses which could benefit our school community. However, it is important to recognise that AI tools can also pose risks; this is including, but not limited to, bullying and harassment, abuse and exploitation (including child sexual abuse), privacy and data protection risks, plagiarism and cheating, and inaccurate, harmful and/or biased material, and additionally its use can pose moral, ethical and legal concerns.

See the **AI and the risks** policy in the safeguarding library on SharePoint

Appropriate Filtering and Monitoring

The schools in the Trust will do all we reasonably can to limit children’s exposure to online harms through our provided devices and networks and in line with the requirements of the Prevent Duty and KCSIE, we will ensure that appropriate filtering and monitoring systems are in place. Each school ensures that appropriate filtering and monitoring systems are in place when pupils and staff access school systems and internet provision.

See the **Online safety policy – filtering and monitoring**. Children are taught about online safety across the curriculum and all sign the **safely using digital devices and social media guide for pupils** which is also shared with their parents. Our **EYFS policy** makes reference to online safety and how devices are monitored within EYFS for safeguarding purposes.

Information Security and Access Management

Each school is responsible for ensuring an appropriate level of security protection procedures are in place, in order to safeguard our systems as well as staff and learners. Further information can be found in acceptable use policies and online safety policy. We will review the effectiveness of these procedures periodically to keep up with evolving cyber-crime technologies.

Remote education

The Trust has a **remote education** policy which sets out how and when remote education may be provided.

- Staff and learners will be encouraged to report issues experienced at home and concerns will be responded to in line with our child protection and other relevant policies. If anyone in a school or college has a safeguarding concern about any child they should continue to act and act immediately, safeguarding remains everyone’s responsibility.
- If a child discloses whilst in an online meeting with staff, the usual procedures must be followed. This is likely to mean that the child will need to be contacted separately by video call or phone call so that more information can be gained using TED.
- If any member of staff has concerns about live-stream issues by pupils, parents or other members of staff, these should be raised immediately with the senior Team. If the concern is about the senior Team in any school, it should be raised with the CEO
- Parents/carers will be made aware of what their children are being asked to do online, including the sites they will be asked to access. Each School will continue to be clear who from the school their child is going to be interacting with online.

- Parents/carers will be encouraged to ensure children are appropriately supervised online and that appropriate parent controls are implemented at home.

Staff Engagement and Expectations

Awareness, Induction and Training

All members of staff have been provided with a copy of part one of 'Keeping Children Safe in Education' 2024 which covers safeguarding information for staff.

- School leaders, including the DS and Governors and Trustees will read KCSIE in its entirety.
- All members of staff who work directly with children will read annex B of KCSIE.
- All members of staff have signed (using a FORMS) to confirm that they have read and understood the national guidance shared with them.

The Lead DSL will ensure that all new staff and volunteers (including agency and third-party staff) receive safeguarding and child protection training (including online safety), including information to ensure they are aware of the school internal safeguarding processes, as part of their induction. This training is regularly updated and is in line with advice from the safeguarding partners and carried out by the DSL or video with a presentation by the DSL.

A yearly training session is held for all Trust Staff, including MDMs, Catering Company, Site Team, Office Teams, wrap around care staff, Cleaning Staff and all class facing adults. This training include online safety, which, amongst other things, will include ensuring an understanding of the expectations, applicable roles and responsibilities in relation to filtering and monitoring.

Further to this CPD sessions each term for Class Facing Teams. New staff have full Safeguarding training so that they are also equipped to support our pupils. We enhance our safeguarding training with National Online Safety webinars and other training as outlined throughout the policy. We also offer 'safeguarding on a page' documents to support those staff who do not regularly interact with children so that they can respond in line with the policy. This is followed up by the Trust DSL teams.

All governors and trustees receive appropriate safeguarding and child protection (including online safety) training at induction. This training equips them with the knowledge to provide strategic challenge to test and assure that our safeguarding policies and procedures are effective and support the delivery of a robust whole school approach to safeguarding. This training is regularly updated.

Intimate care may be defined as any activity required to meet the personal care needs of each individual child – full details can be found in the **Intimate Care Policy**

Safeguarding training for staff, including online safety training, will be integrated, aligned and considered as part of the whole school safeguarding approach and wider staff training and curriculum planning.

In addition to specific child protection training, all staff will receive regular safeguarding and child protection updates, at least annually, to provide them with relevant skills and knowledge to safeguard children effectively through termly inputs.

Our schools recognise the expertise staff build by undertaking safeguarding training and from managing safeguarding concerns on a daily basis and staff are encouraged to contribute to and shape school safeguarding arrangements and child protection policies by inviting input at staff meetings or asking staff to respond to the policies and training.

The DSL and Head of School will provide an annual report to the governing body detailing safeguarding training undertaken by all staff and will maintain an up-to-date register of who has been trained.

Although the school has a nominated lead, all members of the governing body will access appropriate safeguarding training which covers their specific strategic responsibilities on a regular basis.

Safer Working Practice

Schools in our Trust takes steps as outlined in this and other relevant policies to ensure processes are in place for staff that promote continuous vigilance, maintain an environment that deters and prevents abuse and challenges inappropriate behaviour.

All members of staff are required to work within our clear guidelines on safer working practice as outlined in the Code of Conduct as part of the staff handbook.

The DSL will ensure that all staff and volunteers (including agency and third-party staff) have read the child protection policy and are aware of the school expectations regarding safe and professional practice via the staff Code of Conduct and Acceptable Use Policy (AUP). A guide to the DSL will be shared at the Office for visitors and volunteers to identify DSLs in school.

Staff will be made aware of the school behaviour management and physical intervention policies. Staff will manage behaviour effectively to ensure a good and safe educational environment and will have a clear understanding of the needs of all children. Physical intervention is only used when the child is endangering him/herself or others and such events are recorded on CPOMS.

At Aspire, all staff are trained in Team Teach. Any possible physical interventions are agreed in an individual behaviour plan, where agreed triggers/situations are listed, along with agreed Team Teach holds. This is agreed with the parents. Any incidents of positive handling will be recorded on Sleuth and in the bound book.

All staff including contactors will be made aware of the professional risks associated with the use of social media and electronic communication (such as email, mobile phones, texting, social networking). Staff will adhere to relevant school policies including staff handbook/code of conduct, Acceptable Use Policies, and Safely using electronic devices technology and social media for staff.

Children may make allegations against staff in situations where they feel vulnerable or where they perceive there to be a possible risk to their welfare. As such, all school staff should take care not to place themselves in a vulnerable position regarding child protection or potential allegations. For example, it is always advisable for interviews or work with individual children or parents to be conducted in view of other adults.

Full advice and guidance can be found in Guidance for Safer Working Practice for Adults who Work with Children and Young People (2019).

Supervision and Support

The induction process will include familiarisation with child protection responsibilities and procedures to be followed if members of staff have any concerns about a child's safety or welfare.

The school will ensure that members of staff who are working within the foundation stage are provided with appropriate supervision in accordance with the statutory requirements of Early Years Foundation Stage (EYFS) 2021. This will be done by an outside agency.

We will provide appropriate supervision and support for all members of staff to ensure that:

- All staff are competent to carry out their responsibilities for safeguarding & promoting the welfare of pupils
- All staff are supported by the DSL in their safeguarding role.
- All members of staff have regular reviews of their own practice to ensure they improve over time.

ECTs and new staff will receive induction training and have a mentor with whom they can discuss concerns including safeguarding concerns.

The induction process will include familiarisation with safeguarding responsibilities and procedures to be followed if staff have any concerns about a child's safety or welfare. Included in the Safeguarding Induction will include knowledge of all staff trained as Designated Safeguarding Leads and training on CPOMS (our safeguarding software system) where concerns are recorded and actions completed. They are directed to specific Safeguarding documents that they need to read.

Any member of staff affected by issues arising from concerns for children's welfare or safety can seek support from the DSL.

The DSL will also put staff in touch with outside agencies for professional support if they so wish. Staff can also approach organisations such as their Union, the Education Support Partnership or other similar organisations directly. Further information about a range of supporting organisations can be found in [Appendix 3](#).

The schools' Safeguarding team (DSLs and DDSLs) have twice termly supervision meetings. The three aspects are:

- Oversight and accountability, checking through the thinking processes around specific children and ensuring all actions have been followed up appropriately
- Additional CPD sessions run by the Trust Lead DSL including discussing serious case reviews
- Need to recognise that own childhood experiences, cultural background and life events may colour our judgment and need a high level of emotional intelligence to ascertain if there is over-identifying with a child's experience or downplaying its significance
- Effective supervision can see when stress is beginning to take its toll.

The intended impact is:

- Support the safeguarding team
- Improve staff and pupil well-being
- Develop consistent approaches, practices and procedures
- Promote strengths
- Deal with frustrations and possible vicarious trauma of the role
- Have strategies to deal with persistent, challenging or difficult cases and look for patterns
- Reflect on own emotional response
- See things from a different point of view
- Increase confidence
- Explore all avenues for the good of the children and young people

Safer Recruitment and Allegations

Safer Recruitment and Safeguarding Checks

All our schools are committed to ensure that develop a safe culture and that all steps are taken to recruit staff and volunteers who are safe to work with our learners and staff. Each school will follow relevant guidance in Keeping Children Safe in Education 2024 (Part Three, 'Safer Recruitment') and from The Disclosure and Barring Service (DBS)

The Trust Board and Trust Executive Team are responsible for ensuring that the Trust follows safe recruitment processes as outlined within guidance. Including an application, vetting and recruitment process which places safeguarding at its centre, regardless of employee or voluntary role and appropriate pre-appointment checks.

The governing body will ensure that there is at least one of the persons who conducts an interview has completed safer recruitment training. This is recorded on the school's Management Information System Arbor.

Each school maintains an accurate Single Central Record (SCR) in line with statutory guidance. The SCR is a list of all staff, volunteers and governors and includes appropriate recruitment information such as:

- Dates of recruitment
- References
- Identity Checks
- Criminal Records check reference number, including date check was obtained & details of who obtained it
- Eligibility to work in the UK checks
- Other essential key data

We are also committed to supporting the statutory guidance from the Department for Education on the application of the Childcare (Disqualification) Regulations 2009 and related obligations under the Childcare Act 2006 in schools.

We advise all staff to disclose any reason that may affect their suitability to work with children including convictions, cautions, court orders, cautions, reprimands, and warnings.

Where any school places a learner with an alternative provision provider, the school will continue to be responsible for the safeguarding of that child.

The school will undertake appropriate checks to ensure the provider meets the needs of the pupil, including written confirmation that appropriate safeguarding checks have been carried out on individuals working at the establishment.

Where one of the schools places a pupil with an alternative provision provider, the school continues to be responsible for the safeguarding of that pupil and we will need to satisfy ourselves that the provider can meet the needs of the pupil.

BA MAT Schools will obtain written confirmation from the alternative provision provider that appropriate safeguarding checks have been carried out on individuals working at the establishment, i.e. those checks that our school would otherwise perform in respect of our own staff.

Allegations/concerns raised in relation to teachers, including supply teachers, other staff, volunteers and contractors

Any concerns or allegations about staff will be recorded and dealt with appropriately in line with Part four of KCSIE and the [local Kent allegations arrangements, including discussions as necessary with the Local Authority Designated Officer \(LADO\)](#). In depth information can be found within our 'Managing Allegations against Staff' policy. This can be found in SharePoint.

Any concerns or allegations about staff will be recorded and dealt with appropriately in line with national (Part four of KCSIE) and local guidance. Ensuring concerns are dealt with effectively will protect those working in or on behalf of the school from potential false allegations or misunderstandings.

Where the CEO/Lead DSLs are unsure how to respond, for example if the school is unsure if a concern meets the harm 'thresholds', advice will be sought via the [Local Authority Designated Officer \(LADO\)](#) .

In all cases where allegations are made against staff or low-level concerns are reported, once proceedings have been concluded, the CEO and Head of School (and if they have been involved the LADO) will consider the facts and determine whether any lessons can be learned and if any improvements can be made.

In the situation that the one of the schools receives an allegation relating to an incident that happened when an individual or organisation was using our premises for the purposes of running activities for children (for example community groups, sports associations, or service providers that run extra-curricular activities), we will follow our safeguarding policies and procedures, including informing the LADO.

Concerns that meet the 'harm threshold'

At BA-MAT schools, we recognise that it is possible for any member of staff, including volunteers, governors, contractors, agency and third-party staff (including supply teachers) and visitors to behave in a way that indicates a person would pose a risk of harm if they continue to work in their present position, or in any capacity with children in a school or college. This includes when someone has:

- behaved in a way that has harmed a child, or may have harmed a child
- possibly committed a criminal offence against or related to a child
- behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children
- behaved or may have behaved in a way that indicates they may not be suitable to work with children

Allegations against staff which meet this threshold will be responded to and managed in line with part four of KCSIE.

Allegations that meet the harm threshold will be referred immediately to the CEO/Head of School who will contact the [LADO](#) to agree further action to be taken in respect of the child and staff member. In the event of allegations of abuse being made against the CEO/Head of School, staff are advised that allegations should be reported to the Chair of Trustees who will contact the LADO.

Concerns that do not meet the 'harm threshold'

We may also need to take action in response to 'low-level' concerns about staff. Additional information regarding low-level concerns is contained within our 'Managing Allegations against Staff' policy – this includes what a low-level concern is, the importance of sharing them and the confidential procedure to follow when sharing them.

BA-MAT schools have an open and transparent culture in which all concerns about all adults working in or on behalf of the school are dealt with promptly and appropriately; this enables us to identify inappropriate, problematic or concerning behaviour early, minimise the risk of abuse and ensure that adults working in or on behalf of the school are clear about and act within appropriate professional boundaries, and in accordance with our ethos and values.

A 'low-level' concern does not mean that it is insignificant; a low-level concern is any concern that an adult working in or on behalf of the school may have acted in a way that is inconsistent with our code of conduct, including inappropriate conduct outside of work and does not meet the 'harm threshold' or is otherwise not serious enough to consider a referral to the LADO.

Low-level concerns may arise in several ways and from a number of sources. For example, suspicion, complaints, or allegations made by a child, parent or other adult within or outside of the organisation, or as a result of vetting checks.

It is crucial that all low-level concerns are shared responsibly, recorded and dealt with appropriately to protect staff from becoming the subject of potential false low-level concerns or misunderstandings.

Low-level concerns should be shared confidentially in line with our code of conduct to Head of School or CEO if the concern is regarding the Head of School or Chair of Trustees if the concern is regarding the CEO.

Where low-level concerns are reported to the school, the Head of School and CEO will be informed of all low-level concerns and is the ultimate decision maker in respect of the response to all low-level concerns.

The Head of School and CEO will share concerns and liaise with the LADO.

Low-level concerns shared about supply staff and contractors will be shared with their employers so any potential patterns of inappropriate behaviour can be identified.

If the school is in any doubt as to whether the information which has been shared about a member of staff as a low-level concern in fact meets the harm threshold, we will consult with the LADO.

Low-level concerns will be recorded in writing and reviewed so potential patterns of concerning, problematic or inappropriate behaviour can be identified.

- Records will be kept confidential and will be held securely and retained and in compliance with the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR) and other relevant policies and procedures (for example data retention policies).
- Where a pattern is identified, the school will implement appropriate action, for example consulting with [the LADO enquiry line](#) and following our disciplinary procedures.

Safe Culture

As part of our approach to safeguarding, each school has created and embedded a culture of openness, trust and transparency in which our values and expected behaviour as set out in our code of conduct are constantly lived, monitored and reinforced by all staff (including supply teachers, volunteers and contractors) and where all concerns are dealt with promptly and appropriately.

Staff are encouraged and should feel confident to self-refer, if they have found themselves in a situation which could be misinterpreted, might appear compromising to others, and/or on reflection they believe they have behaved in such a way that they consider falls below the expected professional standards. This includes where concerns may be felt to be deliberately invented or malicious; such allegations are extremely rare and as such all concerns should be reported and recorded.

All staff and volunteers should feel able to raise any concerns about poor or unsafe practice and potential failures in the schools' safeguarding regime. The leadership team in each school takes all concerns or allegations received seriously.

All members of staff are made aware of our Whistleblowing Policy found in SharePoint. It is a disciplinary offence not to report concerns about the conduct of a colleague that could place a child at risk.

Staff can access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally. Staff can call 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email help@nspcc.org.uk. There are posters displayed in the school to give information to staff.

Each school has a legal duty to refer to the Disclosure and Barring Service (DBS) anyone who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity or would have been removed had they not left. The DBS will consider whether to bar the person.

If these circumstances arise in relation to a member of staff at our schools, a referral will be made as soon as possible after the resignation or removal of the individual in accordance with advice from the LADO or School Personnel Service.

For specific guidance on how to respond to allegations against staff, please refer to the **“Procedures for Managing Allegations Against Staff” and Whistleblowing Policy** - When in doubt – consult.

Opportunities to teach Safeguarding

At our schools we will ensure that children are taught about safeguarding, including online safety, as part of providing a broad and balanced curriculum. This will include covering relevant issues through RSE curriculum. We will also supplement our curriculum with NSPCC safeguarding programs such as Pantasaurus as well as give opportunities to attend workshops to support their safeguarding understandings. This is delivered in a stage and cognitive appropriate way at Aspire school.

We recognise that our schools play an essential role in helping children to understand and identify the parameters of what is appropriate child and adult behaviour, what is ‘safe’, to recognise when they and others close to them are not safe, and how to seek advice and support when they are concerned.

Our curriculum provides opportunities for increasing self-awareness, self-esteem, social and emotional understanding, assertiveness and decision making so that learners have a range of age-appropriate contacts and strategies to ensure their own protection and that of others.

Each of our schools recognise the crucial role we have to play in preventative education. Preventative education is most effective in the context of a whole-school approach which prepares pupils for life in modern Britain and creates a culture of zero tolerance for sexism, misogyny/misandry, homophobia, biphobic and sexual violence/harassment.

Each school has a clear set of values and standards, upheld and demonstrated throughout all aspects of school life which are underpinned by our behaviour policy and pastoral support system, as well as by a planned programme of evidence-based RSHE delivered in regularly timetabled lessons and reinforced throughout the whole curriculum. Our programme is fully inclusive and developed to be age and stage of development appropriate.

Our schools recognise that a one size fits all approach will not be appropriate for all children, and a more personalised or contextualised approach, tailored to the specific needs and vulnerabilities of individual children might be needed, for example children who are victims of abuse, neglect or exploitation and children with SEND. Our school systems support children to talk to a range of staff. All children will be listened to and heard, and their concerns will always be taken seriously and acted upon as appropriate.

Physical Safety

Use of 'reasonable force'

There may be circumstances when it is appropriate for staff to use reasonable force in order to safeguard children from harm. Further information regarding our approach and expectations can be found in our Positive Behaviour Principles/behaviour policy and is in line with the DfE '[Use of reasonable force in schools](#)' guidance.

Any use of Team Teach positive handling techniques are recorded on CPOMS or in the Bound book at Aspire school.

The Use of Premises by Other Organisations

Where one of the schools premises are rented/hired out to organisations or individuals (for example to community groups, sports associations, and service providers to run community or extra-curricular activities) we will ensure that appropriate arrangements are in place to keep children safe.

Where those services or activities are provided under the direct supervision or management of our staff, our existing arrangements for child protection, including this policy, will apply.

Where services or activities are provided separately by another body using the school premises, the Headteacher/Head of School and Governing Body will seek assurance that the provider concerned has appropriate safeguarding and child protection policies and procedures in place (including inspecting these as needed); and ensure that there are arrangements in place for the provider to liaise with the school on these matters where appropriate. If this assurance is not achieved, an application to use premises will be refused.

Safeguarding requirements will be included in any transfer of control agreement (such as a lease or hire agreement), as a condition of use and occupation of the premises. Failure to comply with this will lead to termination of the agreement.

See the **Lettings policy**

Site Security

All members of staff have a responsibility for maintaining awareness of buildings and grounds security and for reporting concerns that may come to light. Appropriate checks will be undertaken in respect of visitors and volunteers coming into school as outlined within national guidance.

Visitors will be expected to sign in and out via the office visitors log and to display a visitor's badge whilst on site. Any individual who is not known or identifiable on site should be challenged for clarification and reassurance.

Volunteers

Volunteers have a DBS enhanced check when they apply as part of their safeguarding checks. Once this is received, they can commence voluntary service with us. They receive safeguarding training as part of their induction.

Visitors and contractors

Visitors or contractors on site will receive safeguarding information with practice-based information regarding knowledge of what to do if there is a concern and the appropriate use of phones and tablets. This is available in a leaflet kept at reception or it will be given to contractors by the Site Manager.

When the visitor or contractor attends site, they will sign in, have their ID checked and then be accompanied on site if they do not have a valid DBS check in place. The visitor or contractor will then be given a red visitor lanyard which they must wear at all times on site, along with their work ID, unless these must be removed for health and safety reasons which can only be agreed by the Site Manager. The lanyard must be replaced as soon as possible.

Approved Visitors and Contractors

The Offices at each school will hold a secured list of approved visitors and contractors who have had DBS checks in place. Information about the checks this will be recorded and shared at both schools via a restricted Teams. DBS confirmation can also be received from the company which employs the visitor and contractor. This will also be stored on the Single Central Register and personal data will be kept in line with the Retention policy and reviewed at least annually

Approved visitors and contractors will have their ID checked when they attend site and then they will be given a blue visitor lanyard which will indicate to staff that this visitor is checked and allowed to be unaccompanied whilst on site.

Teaching staff who visit from other schools who show their school ID will then be given a blue visitor lanyard.

See also **Managing contractors** policy for more information.

The schools within the Trust will not accept the behaviour of any individual (parent or other) that threatens school security or leads others (child or adult) to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the school site.

Local Support

All members of staff at the schools are made aware of local support available.

Appendix 1: Categories of Abuse

All staff should be aware that abuse, neglect, exploitation and other safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with one another.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. They may be abused by an adult or adults or another child or children. It should be noted that abuse can be carried out both on and offline and be perpetrated by men, women and children. All members of staff should read and understand part one of 'Keeping children safe in education' 2016 and staff who have direct contact with pupils should also read annex A.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Signs that MAY INDICATE Sexual Abuse

- Sudden changes in behaviour and school performance
- Displays of affection which are sexual and age inappropriate
- Self-harm, self-mutilation
- Alluding to secrets which they cannot reveal
- Tendency to cling or need constant reassurance
- Regression to younger behaviour for example thumb sucking, playing with discarded toys, acting like a baby
- Distrust of familiar adults eg anxiety of being left with relatives
- Unexplained gifts or money
- Depression and withdrawal
- Fear of undressing for PE
- Sexually transmitted disease
- Fire setting

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Signs that MAY INDICATE physical abuse

- Bruises and abrasions around the face
- Damage or injury around the mouth
- Bi-lateral injuries such as two bruised eyes
- Bruising to soft area of the face such as the cheeks
- Fingertip bruising to the front or back of the torso
- Bite marks
- Burns or scalds (unusual patterns and spread of injuries)
- Injuries suggesting beatings (strap marks, welts)
- Covering arms and legs even when hot

- Aggressive behaviour or severe temper outbursts
- Injuries need to be accounted for Inadequate, inconsistent or excessively plausible explanations or a delay in seeking treatment should signal concern

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Signs that MAY INDICATE emotional abuse

- Over reaction to mistakes
- Lack of self-confidence/esteem
- Sudden speech disorders
- Self-harming
- Eating disorders
- Extremes of passivity and/or aggression
- Compulsive stealing
- Drug, alcohol, solvent abuse
- Fear of parents being contacted
- Unwillingness or inability to play
- Excessive need for approval, attention and affection

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Signs that MAY INDICATE neglect.

- Constant hunger
- Poor personal hygiene
- Inadequate clothing
- Frequent lateness or non-attendance at school
- Untreated medical problems
- Poor relationship with peers
- Compulsive stealing and scavenging
- Rocking, hair twisting and thumb sucking
- Running away
- Loss of weight or being constantly underweight
- Low self-esteem

Appendix 2: Keeping yourself safe when responding to disclosures

(the 6 Rs – what to do if...)

1. Receive

- Keep calm
- Listen to what is being said without displaying shock or disbelief
- Take what is being said to you seriously
- Note down what is being said

2. Respond

- Reassure the pupil that they have done the right thing in talking to you
- Be honest and do not make promises you cannot keep eg “It will be alright now”
- Do not promise confidentiality; you have a duty to refer
- Reassure and alleviate guilt, if the pupil refers to it eg “You’re not to blame”
- Reassure the child that information will only be shared with those who need to know

3. React

- React to the pupil as far as is necessary for you to establish whether or not you need you need to refer the matter but do not interrogate for full details
- Do not ask leading questions: “Did he/she..?” Such questions can invalidate evidence
- Do ask open “TED” questions: Tell, explain, describe
- Do not criticise the perpetrator, the pupil may have affection for him/her
- Do not ask the pupil to repeat it all for another member of staff
- Explain what you have to do next and who you have to talk to

4. Record

- Make some brief notes at the time on any paper which comes to hand and write them up as soon as possible
- Do not destroy your original notes
- Record the date, time, place, any non-verbal behaviour and **the words used by the child.** Always ensure that as far as possible you have recorded the actual words used by the child.
- Record statements and observable things rather than your interpretations or assumptions

5. Remember

- Contact the Designated Safeguarding Lead (DSL)
- The DSL may be required to make appropriate records available to other agencies
- KSCMP: www.kscMP.org.uk

6. Relax

- Get some support for yourself, dealing with disclosures can be traumatic for professionals

Appendix 4: Categories and processes

Mainstream schools: CPOMS

Safeguarding is all our responsibility therefore :

- **High Priority** tab should be ticked for incidents which need URGENT action with a **conversation** with a DSL
- Concerns should be recorded on CPOMS as soon as possible but before 12pm (morning concerns) or before 3pm (afternoon concerns)
- When writing a concern ensure you write **full first names, facts and pupil's own words** wherever possible without your interpretations
- Actions by FLO, DSLs, Community Leads or Assigned Staff to be recorded on CPOMS by the end of the working day
- Teacher and/or DSL meetings with parents arranged by the end of the day and where possible had the same day.
- Monitoring action should be completed within 24 hours of the initial alert – and updated as stated
- Referrals should be made promptly within 24 hours but ideally the same day
- 'Check in' requests should be emailed or recorded on CPOMS with an **Alert** to who should be carrying out this monitoring
- Check in should be updated on CPOMS weekly, or if a concern by the end of that day.
- Please ask to find out what has happened with your concern should you not have been notified

Sub Categories	<ul style="list-style-type: none"> • High Priority • Attendance Concern • Punctuality Concern • Communication with parent • Penalty notice issued • FLO involved 	<ul style="list-style-type: none"> • High Priority • Absconding • Concern outside of school • Break/lunchtime incident • Child's Play Incident • Classroom Disruption • Cyberbullying • Derogatory language used • Discriminatory Behaviour • FLO involved. • Homo/Bi/Transphobic incident • Inappropriate games/social media • Internal exclusion • Online Incident • Physical Bullying • Positive Handling • Racist Incident • Refusal • Restorative Justice Convo • Vandalism • Verbal Bullying • Verbal/Aggressive Incident towards Peers • Verbal/Aggressive towards Staff 	<ul style="list-style-type: none"> • High Priority • Child on Child abuse • Child Protection Order • ChIN • County Lines • Court order in Place • Domestic Abuse • Early Help • Emotional Related • FGM • FLO Involvement • Grooming • Neglect • Nudes/Semi Nude • Operation Encompass • Outside Agency Contact • Past Trauma • Physical Related • Sexual Harassment • Sexual Related • Sexual Violence 	<ul style="list-style-type: none"> • High Priority • Concern for the well-being of the child • Concern for the well-being of the parent • Medical Incident • Change in home circumstances • Parents in conflict • Housing concerns • Outside agency contact • FLO involved • Covid Related
MUST ASSIGN	Community Lead	Community Lead or AHT	AHT	Community Lead
MUST alert:	Community Lead Head of School FLO Office Manager L Bunning at Iwade	Community Lead AHT Behaviour Lead Behaviour Team if applicable Class Teacher FLO	Head of School DSL team	Community Lead Class Teacher AHT Inclusion Lead Head of School FLO

Note: Where a parent reports an incident of bullying, this should be coded in the first instance as Parent concern whilst it is investigated fully. This is to ensure our internal reporting mechanisms.

If incident relates to a child with a SEND/ILP/EHCP please alert Lauren Gilmour (Bobbing/Iwade) or Mandy Harling (Grove Park)

For DSLs

- Complex cases to be reviewed twice a term at the DSL supervision.
- Discussions and reasons for keeping open or closed
- Cases with multiple entries in a short term to be discussed during DSL Supervision and actions recorded.
- Record Actions to open reports daily.
- Keep those who have raised actions informed that you have taken steps – even if you can't share the details.

Aspire:

All adults in school have access to CPOMS. Once a concern has been raised, the duty DSL will read and assign a case owner to the concern.

Concern around:	Child with Social Worker or Early Help	Child with no SW/EH but is an urgent safeguarding concern	Child with no SW/EH and is not an urgent safeguarding concern
MUST alert:	Lead DSL Tracy	Lead DSL Tracy	Duty DSL
Assign to:	Appointed DSL	Duty DSL	Class Teacher

If in any doubt, staff should consult the lead DSL Tracy.

Category - Select the most appropriate category and subcategory
Linked Students - Anyone else who was involved
Maps - Click on the Body Map to locate the marks observed
Date/Time - This will record automatically – if you know the time when this occurred, please record it here
Assign - This is important so the person know they need to act
Files - If you need to add a file as evidence
Alert - This keep relevant people informed. It is the safety barrier so that reports are not missed.
Submit incident

The Assigned person will now take action and record each step before the incident in closed.

Appendix 5 – Making a referral to Social Care

- Please speak to the Lead DSL before making a referral
- You may need to speak to a member of the Education Safeguarding Team before hand to discuss your thoughts and next steps - 03000 418503
- You may also ring for consultation with the Integrated Front Door: 03000 411111 (outside office hours 03000 419191)

Making the Referral

- Have CPOMS open you will be able to use this for DOB and addresses that are required for the form. It may also be helpful to have the child's file as sometime cross-checking information is useful.
- Click on the Hyperlink it will then take you to the Front Door – which is now all digital
- <https://webapps.kent.gov.uk/KCC.ChildrensPortal.Web.Sites.Public/Default.aspx>
- A guide to the Front door referral <https://www.youtube.com/watch?v=zganVVc5-bY>
- Complete the form use evidence from CPOMS and if there is lots record it chronologically. If you believe they are at risk of harm you need to get that across - we are always happy to write in pairs.
- PARENT SHOULD AGREE TO THE REFERRAL UNLESS THE CHILDREN ARE AT RISK OF HARM
- It will ask for concerns and what you hope the resolution to be – be exact
- There is a box for additional information – anything else you think they should know - it might seem incidental but remember you know these children well.
- Once completed - save the form and upload to CPOMS
- Now click submit

Appendix 6 – Statutory assessments – information for DSLs

Where a child is suffering, or is likely to suffer from harm, it is important that a referral to children’s social care (and if appropriate the police) is made immediately.

Children in need – section 17 - CiN

A child in need is defined under the Children Act 1989 as a child who is unlikely to achieve or maintain a reasonable level of health or development, or whose health and development is likely to be significantly or further impaired, without the provision of services; or a child who is disabled. Local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989.

Children suffering or likely to suffer significant harm – section 47 – Child Protection

Local authorities, with the help of other organisations as appropriate, have a duty to make enquiries under section 47 of the Children Act 1989 if they have reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm. Such enquiries enable them to decide whether they should take any action to safeguard and promote the child’s welfare and must be initiated where there are concerns about maltreatment, including all forms of abuse and neglect, female genital mutilation or other so-called honour based violence, and extra-familial threats like radicalisation and sexual exploitation.

The Local Authority should respond within 1 working day. Where this fails to be the case, the DSL will continue to call and follow up. These calls will be logged on CPOMS.

Appendix 7 – addressing access to age inappropriate material at Aspire school

This is also included in the Children at greater risk of harm policy in the safeguarding library.

At Aspire School, we recognise the vulnerability of our pupils when it comes to accessing apps or games that are age inappropriate. To tackle this issue, we have implemented a comprehensive approach aimed at safeguarding our pupils, staff and parents.

- **Learning Walks and pupil Voice** We will conduct learning walks to hear the pupils perspectives on online safety. Through discussions, we aim to understand their knowledge and experiences regarding age-inappropriate material. The School Council will also gather data on the games and apps children are using at home, which will help us prioritise our focus.
- **Weekly App Identification** Each week, we will identify one app that could potentially harm children. This app will be highlighted during staff briefings, ensuring that all staff members are informed about its risks. Additionally, information about the app will be shared with parents via Class Dojo.
- **Online Safety Lessons** For pupils on the 'Explore' and 'Discover' pathways, a 10 minute online safety lesson will be integrated into their weekly schedule before their computing lessons. These lessons will be from the National Online Safety lesson plans.
- **Monitoring and Reporting** To identify pupils at risk, we will produce termly reports on CPOMS, monitoring students who may be accessing inappropriate material.

Response Flow Chart for Continued Access to Age-Inappropriate Material
